

Dear Sevierville Lodging Partner,

In passing the Fiscal Year 2019 operating budget, the Sevierville Board of Mayor and Alderman included a 1% increase in the Lodging Tax Rate. The lodging tax rate will increase from 2% to 3% on September 1, 2018. Any "occupancy" that will occur on or before June 30, 2019 for which a reservation was made prior to September 1, 2018 may be taxed at the former rate of 2%. If you have transactions that take place after September 1st and are taxed at the old 2% rate, please email a gross revenue total each month to HospitalityTax@seviervilletn.org so that a credit can be issued to your account.

For your reference, a copy of the ordinance is included with this notice.

If you have any questions at this time, please email hospitalitytax@seviervilletn.org

Thank You
