NEW BUSINESS

MS PROPERTIES REQUESTS FAÇADE APPROVAL FOR REDS – 114 COURT AVENUE.

Mr. Divil informed the commission that this building has been designated a contributing structure to the historic district. He presented photos of the existing façade in addition to historic photos. He explained that the façade work has included a change of windows, added masonry with brick veneers, and new paint colors.

The commission considered the changes. Mr. Jones suggested that the updates to the lower level should be continued to the second story façade. He also questioned the plywood in front of the second-floor windows. Mr. Valentine explained that the applicant has attempted to repair the original windows, and the plywood is a temporary measure until he is able to get the windows restored.

Action Taken

Mr. Jones made a motion to approve the façade, subject to the cleaning of the windowsills in addition to the removal or painting of the plywood in front of the windows on the second floor of the structure. Such updates would be reviewed and approved by City staff. The motion received a second from Mr. Pinkham and passed unanimously.

ADJOURNMENT

There being no further business, the meeting adjourned at 4:18 PM.
