Fire Department Inspection Services - Don't Forget Your Permit!

Perhaps the most important task that the [Sevierville Fire Department](#) performs throughout the year is fire prevention. One aspect of fire prevention is inspection of commercial and public buildings and private residences.

In 2016, the SFD adopted the same International Building and Fire Codes as the State of Tennessee. Fire Marshal J.C. Green and Fire Inspector Lee Wilson inspect new construction and existing buildings including businesses, churches, hotels and apartments annually to ensure they comply with fire codes. (Photo: Fire Inspector Lee Wilson, left and Fire Marshal JC Green.)

The SFD is also available to provide advice on best practices for fire safety and will perform free home safety inspections upon request.

If you are planning to remodel, expand or just change seating, carpet or doors in your business, you should obtain a building permit and talk to a fire code official before starting so that the purchases and changes you plan to make comply with the fire code. Remember, no one wants unnecessary delays in re-opening or completing expansions!

For more information click [here](#) or call the Sevierville Fire Department (865)453-9276.

Officers Issue 80 Vehicle Occupant Restraint Warnings

TENNESSEE HIGHWAY SAFETY OFFICE
S.A.F.E. CAMPAIGN
Seatbelts Are For Everyone

As part of their participation in the Seatbelts Are For Everyone (SAFE) campaign, [Sevierville Police Department](#) officers were stationed at Sevierville Primary School this morning, Thursday, March 15, as children were arriving for school.

Officers issued a total of 80 restraint warnings for various violations, including seatbelts not being worn, no child car seats, and improper use of child car seats. SPD officers plan to return to SPS next week for restraint enforcement.

The purpose of the State sponsored SAFE campaign is to raise awareness of the importance of using proper vehicle restraints and increase restraint usage. Click [here](#) for additional information on Tennessee child restraint regulations.

Kidde Recalls Two Smoke Alarm Models

Affected

Non-Affected

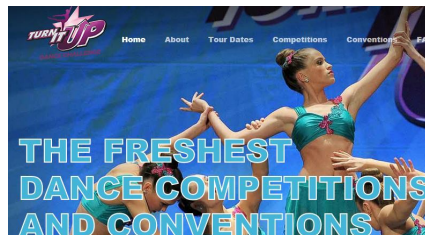

Kidde recently issued a recall on two smoke alarm models. The recall currently is for P12010 and P19010 dual sensor smoke alarms.

If you have a smoke alarm that was installed by the Sevierville Fire Department, it is not currently on the recall list. For more information, click [here](#).
